2023-2024 Verification Worksheet Dependent Student

Your 2023-2024 FAFSA was selected for a process called verification. In this process, we are required to ask for information to confirm that what was entered on your FAFSA is accurate. This will ensure that you are awarded the correct amount of financial aid. If differences are found, we will submit these corrections to the Department of Education before confirming your financial aid eligibility. Please stay up to date with any requests from our office to complete your information by checking your To Do list on your my.indianatech.net account.

Include only those individuals who receive more than half of their support through your parents during the period from July 1, 2023 through June 30, 2024. FAFSA also requires students to report any financial contributions received from members of the household, *besides contributions from parents*, if the financial contributions were used for household expenses. Make sure to include the following information:

- a. yourself
- b. your parents (or stepparents)
- c. siblings or other children that your parents provide more than 50% of their support for, even if the sibling or child does not live with your parents

C. STUDENT TAX INFORMATION

Remember the easiest way to verify income is by using the IRS Data Retrieval Tool (DRT) that is a part of the student's FAFSA online. If the student/parent has not already used the tool, please log on to their 2023-24 FAFSA at www.fafsa.gov and select "Make FAFSA Corrections". Select the "Financial Information" tab and follow the instructions to see if the student/parent is eligible to use the Data Retrieval tool. If the student is eligible, follow each step to transfer their 2021 tax information into the student's FAFSA.
